

Student Rating of Instruction Questionnaire PART TWO

Feedback from students is one of the methods Dalhousie University uses to obtain information on the quality of your educational experience. Some departments and some teachers may want to ask you for feedback that will be used to improve that experience. If so, your instructor or the person administering this questionnaire will provide the specific questions and the answer keys for Sections B and C.

Your response is anonymous. DO NOT SIGN THIS FORM. Your response will not be released until after the final grades for this course have been submitted.

SECTION B: Feedback to a Department or School for improvement purposes

Section B contains questions developed by an academic unit for purposes of program improvement. The information you provide in Section B will be used to monitor and improve your educational experience at Dalhousie. A summary of your responses will be given to the Department Chair/Head or Director of the School and to your instructor after the final grades for this course are submitted.

Question 11. ① ② ③ ④ ⑤

Question 12. ① ② ③ ④ ⑤

Question 13. ① ② ③ ④ ⑤
